

# Hastings Primary School

Term 3 News Sheet 3 Friday 13th August

## Remote & Flexible Learning

We just wanted to say thank you to every student and family for the effort they are currently putting towards online learning.

We have been able to touch base with most families this week and have a number of students joining us during the remote sessions who have not been able to during previous lockdowns.

As per the new Government Announcement today we will be continuing with remote flexible learning until and including **Thursday 19th August**.

## Teachers availability during remote and flexible learning

The teachers and staff at Hasting Primary School are doing a fantastic job during this challenging time.

If a student is unable to attend online sessions please ensure you still contact the school to notify so we still provide the department with accurate attendance data.

Students will be marked as present if they ;

- ◆ check in with teacher at morning check-in session
- ◆ Submit set work via Google Classrooms
- ◆ Attend specialist classes or the allocated help desk time

If you are experiencing technical difficulties please contact the school and we will endeavour to assist you. If the staff onsite are unable to assist we will email your teacher.

Please note they have allocated teaching time & onsite supervision days therefore it may take them a little longer to get back to your query. Thank you for your continued patience.

## Onsite Supervision

If you require a student to be onsite next week during the lockdown extension please ensure that you go to the [website](#) and download the form or contact the office to get an onsite attendance form.

Students enjoying art activities during specialist day on Wednesday

## Current Restrictions

We will endeavour to keep all families updated with the most recent restrictions as they made available to us.

Please ensure you keep an eye out on our Flexischool App for any important school updates.

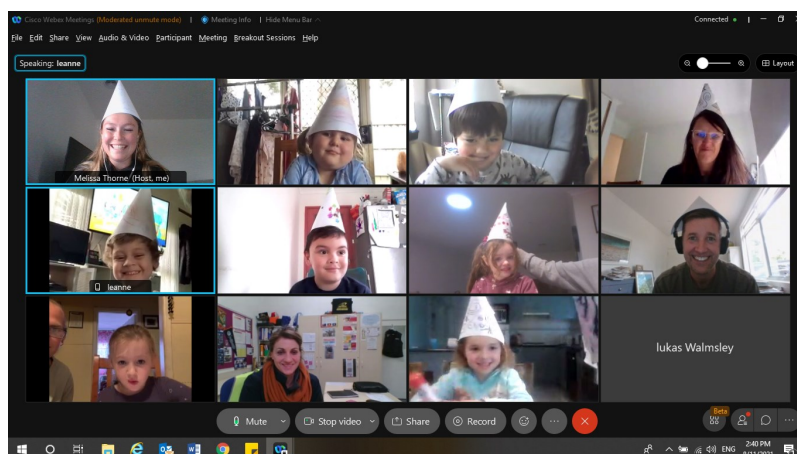

## Foundation Transition Sessions

Due to the current restrictions in place we have run our first Foundation transition session for 2022 students.

Families were invited to attend an interactive online session with;

- ◆ our current Foundation teachers; Ms Thorne & Mr Minehan
- ◆ our principal Mrs McDonald and our Art teacher Ms Hermiston.

We look forward to meeting all of your new Foundation students & hope to have them join the next session on **Wednesday 15th September**.
