Term 2 Edition 4

Wednesday 14th June

End of term two!

Thank you, students, parents and teachers, for a successful Term Two.

Although I think we are all feeling a bit tired as the term draws to an end, it has been wonderful to watch students have a great term of learning!

What a fabulous term of exciting learning opportunities, programs, and extra-curricular experiences.

We have had District Cross-Country and Lightning Premiership Sports. We've also had STEM sessions at Western Port Secondary, Education Week Open morning and activities, camps for our senior students and another camp next week for the middle school students. We observed Sorry Day, Reconciliation week and had a Smoking ceremony to open our new Wominjeka chair. Our iSeaiCare ambassadors have been on two excursions and are passing on their learning to our junior students.

We also did a lot of learning in our classrooms and outdoor learning spaces, working hard to achieve goals.

I'd like to extend an enormous thanks to our students, teachers, and education support staff, parents and families for such a positive term of learning together. I know we are all looking forward to an exciting Term Three.

I wish all of you a very restful and enjoyable school holiday.

Year 5/6 Golden Valley Camp

Student Reports

Hello everyone,
Earlier this week I went with the rest of the grade 5/6s to Golden Valleys adventure camp. At Golden Valleys green was everywhere lots of bins sprinkled all around the place and nobody littered on the grounds. It was really nice to see another place. Taking care of the land on which we stand. Thank you everyone for listening.

Malakai & Mitchell

Primrose: At Golden Valleys we had one hour of free time two or three times a day. During these times students loved playing Gaga Ball, especially Dave who is the new Gaga Queen. Human foosball was another big hit. There was a giant seesaw that was painful on your bottom if it went down to quickly. We could also play chess and volleyball and some times board games.

Everlee: The food was amazing. On the first night we had chicken schnitzel with peas, corn and potatoes. We were also offered to get some sauce and for dessert we had a chocolate brownie with melted marshmallow. In the morning we were offered some toast and cereal. Then for lunch we had pizza which was delicious. That night for dinner we had rice and we were offered some toppings. Then for dessert we had ice cream with sprinkles and some toppings. On our last day we had toast and cereal for breakfast and sausages for lunch also after every activity we has some delicious treats.

SRC tickets (Yard Award)

The SRC will have tickets on them in the yard and when they see someone doing the right thing they will give them a ticket. When you get back to your class there will be a box. You can put your ticket in the box and at the end of the week one of the SRC's will come and pick it up. Maybe if you're lucky you can win a prize! So remember to always be on your best behaviour in the yard!

Vote for a new name for Level 1

In other news the SRC also talked about a new name for Level 1! How we are going to decide is all the SRC and teachers are going to vote for a new name. If you have any ideas of any new names tell you class SRC! Stay tuned for next week for the answer.

Jumper \$1 fundraiser

In the past SRC meetings we have talked about a fundraiser. We have decided to do a jumper fundraiser. All the money goes to kids in need of clothes. The SRC wanted to do a free dress but it would be too cold to do being winter, so we decided to wear a jumper of your choice. Please make sure it is appropriate for school. See flyer later in the newsletter.

Art Report

Richelle & Chevelle

The seniors have been finishing their Mulga pictures by colouring, cutting out, gluing it onto a blue piece of paper then gluing on some clouds making it look incredible!!

Not only that but people have been painting their Mini Monsters making them colourful and creative. They will be left to dry and there are loads of admiring colours that were created by the primary colours.

Last week, the arts leaders helped out kids in the art room and they had an amazing idea to put glitter into jars with water to create a glitterful effect. Everyone in the art room created one since it was really cool, including the leaders.

Some people made inspiring box designs as well as drawing. There were people who needed to finish their work like their painting or their clay. You can come to the art club to finish your work if you need to. There are all kinds of things that you can do at art club. Drawing, painting, creating box things and more things just like them!

For reconciliation week students outlined their foot and did a design for their sorry and then glued it on a large piece of paper. It is now displayed in the hallway of the Prep & 1/2 classrooms.

Fathering Project Event Thursday 15th June - POSTPONED

Unfortunately due to a very low number of families RSVP'ing yes to our Hotdogs, Hair and Handball afternoon we are going to postpone this event.

Sorry to those families who were interested.

Keep an eye out in the portal and on our school communication platforms (Facebook, Sentral, the newsletter) for what we have planned in Term 3 for Father's Day.

Our next meal deal is today! Thanks to our fabulous FOHPS team for their organization for this.

Attendance

Parents and schools have an important role to play in a child's education.

Working together will improve a child's learning, health and wellbeing. Relationships are key to working together. The education of a child is a shared responsibility between family, the school, other students and the broader community.

When schools and parents engage in a child's learning, it encourages and supports them to enjoy their education. Positive relationships and attitudes towards education give children confidence that the system is supporting them to achieve their best.

COMMUNITY ENGAGEMENT

Strong and positive relationships between schools and families demonstrate to the child that everyone is working together in

their best interest.

This encompasses the desired values to accomplish mutual respect and treat each other fairly.

WORKING TOGETHER

The best interests of the child are at the centre of both a school's and a family's decision-making.

To provide the best learning environment and experiences for students, we need to work together.

Feedback between schools and families helps to build and maintain relationships.

Providing a safe environment for families to discuss the student's learning or other concerns helps facilitate opportunities for reflection and learning.

Families and schools may have differing opinions and as long as we express our views respectfully and have reasonable expectations of each other, we can reach a positive outcome.

Please make sure you contact the school via the Sentral parent portal or the absence line when your child is absent.

Mindfulness and Meditation – Mindful Eats

This is a great activity to bring attention to how mindlessly we sometimes eat! Whether sitting in front of the TV, chatting to friends at lunch, or scrolling through something on the internet or social media, we often “switch off” when eating because it is such a familiar action.

Mindful eating can combat over-eating, it helps bring our attention to the flavours and tastes of different foods and helps us to realise what effects different foods have on how our bodies feel.

Children need something small to eat for this activity. Often a square of chocolate is a fun “challenge”, although you could provide a piece of fruit or any food item that you feel will work e.g. raisin, mini marshmallow.

Begin this practice with three deep breaths

Direct your child to take small nibbles or bites of the food.

Bring awareness to the sensations of eating.

- What is the taste like? Is it sweet or savoury?
- What does the food feel like on your tongue?
- Do you need to crunch it between your teeth, or can you slowly dissolve it in your mouth?
- Try taking a slightly smaller or slightly larger bite.
- How does this change the way eating this food feels?
- Notice which muscles in your mouth, neck and body move as you swallow the food.
- Pause between each bite and notice any changing sensations in your mouth or body.
