

DRESS CODE and UNIFORM POLICY

Rationale:

- A uniform dress code reinforces in students a pride in their own appearance, supports all students to be an integral part of the Hastings Primary School community, and assists in developing pride in representing their school.
- Issues of equality, health and safety, and expense are also factors that contribute to the establishment of the Dress Code.

Aims:

- To promote equality amongst all students.
- To further develop a sense of pride in, and identification with our school.
- To provide a school uniform that supports the safety of students
- To provide durable clothing that is cost effective and practical for the school environment and our community
- To maintain and enhance the positive image of the school in the community.
- To remove the pressure of wearing brand name clothing.
- To establish an understanding of appearance standards.

Implementation:

- School Council Dress Code and Uniform Policy provides choice for the students, allows for students to safely engage in all school activities, and caters for the financial constraints of families.
- The Dress Code and Uniform Policy applies during school hours, while travelling to and from school, when students are on school excursions and camps and when students are representing the school in the broader community.
